ห่ม (v) to covered with fabric which also giving sense of warmth and touch.  
From our interest in how human lifestyle change these days and questioning about the distance between people. Comes with an experimental space, flexible element of ceiling plane that can melt down to acts as wall. Using adjustable height module to shift the shape of spaces. This light fabric can change an empty space in to suit many variation of need and function.

จากความสนใจในความเปลี่ยนแปลงของวิถีชีวิตและระดับทั่วไปที่ห่างคน นามาซึ่งที่ทั่วไปที่ห่างคน ที่มีความสูงไม่เท่ากัน ทำให้เกิดความรู้สึกห่างคน หรือห่างตัวกัน แต่ในที่นี้เราได้ลองคิดค้นที่จะมาสร้างรูปแบบที่เปลี่ยนแปลงไปตามความต้องการ ให้สามารถปรับเปลี่ยนความสูงของรูปแบบนี้

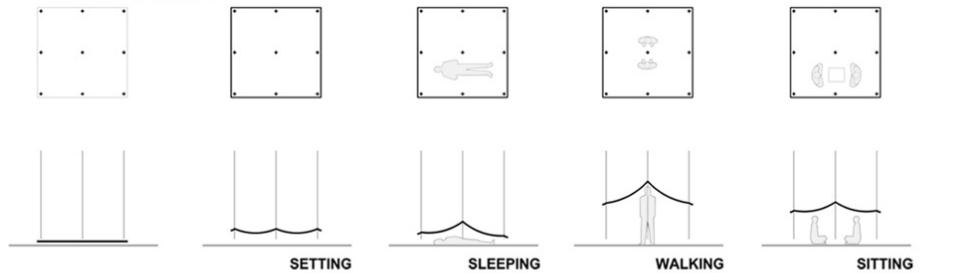

#### APPROACHING CONCEPT

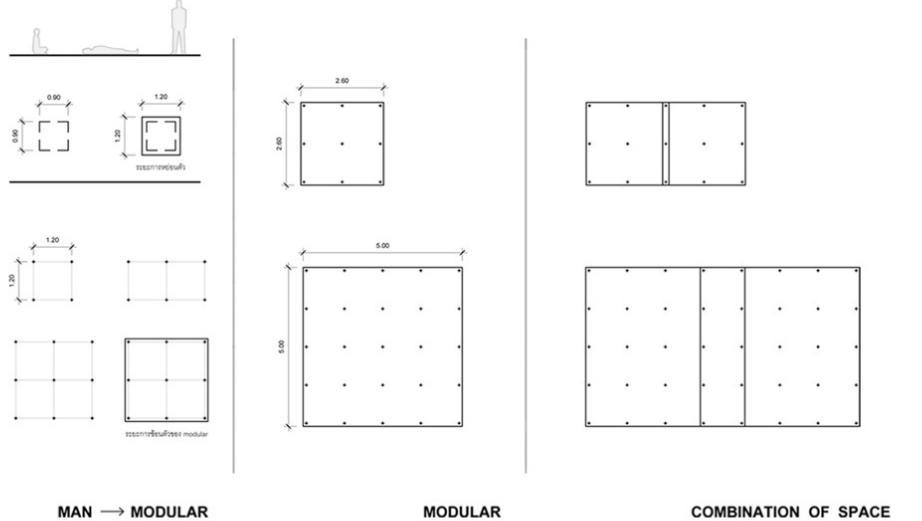

[HUMAN] [HUMAN] [HUMAN + SOCIETY] [HUMAN + URBAN AREA]  
We, human, unconsciously create 'distance' from everything around us, to define relationship between. These distances, somehow, are like invisible walls. Changing dramatically as we live.

Light transparent surface overlay upon urban space. By this surface, we visualize human behavior. And in the same time, it's gravitational interactive architecture!

Think of all your movements in life as dance movements.  
Breathe.  
Watch.  
Listen.  
Touch.  
And move between the earth and the sky.

Yoko Ono

We do political work when we are compelled to react to events.  
In some way you become political  
when you don't have a chance to be poetic.  
I think human beings would much prefer to be poetic...  
to have peace, to enjoy life,  
to have good food,  
good sex,  
good wine,  
good friends and pleasure.  
Maybe this will never be possible...  
Maybe we have a need to know the truth.
